1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 26 and 30 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Kunihiisa et al. (5,445,713).

3. Claims 26,27 and 30-33 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Watanabe (3,985,612).

4. Applicant's arguments with respect to claim 26-29 have been considered but are moot in view of the new ground(s) of rejection.

5. Claims 28,29,34,35 and 36 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

6. The following is a statement of reasons for the indication of allowable subject matter: The prior art of record does not teach or suggest a process for forming a multi-ply paper web as substantially set forth in the claims wherein entering suspension is directed into the beginning of the gap former generally in the first direction of the belt.
